

Here at MORGAN, we want you to know we are putting the health and wellness of our employees and customers first.

We have incorporated some new business practices to ensure the safety of us all. For you that want to purchase or Rent to Own a building from the convenience of your home we plan to make that available.

We are going to make this process as easy and convenient as possible.

- Work with your Morgan Representative either by phone, email or text
- We will send you photos of the building that fits your needs inside and out from our stock
- If we have to order your color choice we will send you an example of the color
- We will Google earth your location and plan out the delivery process and building placement with you
- Our drivers will be able to deliver the building without you having to come out of your house
- If you choose to visit our sales locations, rest assured that our office will be sanitized and cleaned frequently
- All in-store visitors will be asked to wear face masks and to sanitize their hands upon arrival and departure
- Everyone will be asked to walk and inspect the buildings on their own
- Questions will be answered at the acceptable distance or by phone, email or text

We want you to enjoy our Signature building for many years to come and hope that we can ease your mind throughout the purchase.

We plan to work diligently to improve our website so the purchase can be made online from your mobile device but this will take some time.

As these times shall pass we want your buying experience with us to be as easy, pleasant and as safe as possible.

Respectfully,

Michael Morgan

General Manager
